PARIS TO PITTSBURGH APPLICATION AND FUNDING PROCESS

- Property or business owner (applicant) submits Paris to Pittsburgh Grant Application to Pittsburgh Downtown Partnership staff (PDP) with required materials and description of requested improvements, otherwise known as your scope of work.
- PDP will communicate with applicant to ensure a complete understanding of the submitted application and proposed improvements. If the project is deemed acceptable, PDP will deliver the application to the Paris to Pittsburgh Advisory Committee (Advisory Committee) for review. The Advisory Committee meets on the last Wednesday of each month.
- Applications deemed acceptable by the PDP and received before the second to last Wednesday of any month will be reviewed by the Advisory Committee in the same month. Applications received after the second to last Wednesday of any month will be reviewed the following month.
- The Advisory Committee will review the application and either approve the design as presented or ask the applicant to adjust the proposal in order to be eligible for grant funding. The scope of work approved by the Advisory Committee will be used to inspect completed work before grant funding is disbursed.
- Upon project approval by the Advisory Committee, PDP will prepare a Grant Agreement to be executed by the applicant, at which time improvements may begin. PDP cannot pay for any work that has been completed prior to execution of the Grant Agreement. Improvements must begin within six months of executing Grant Agreement or applicant may forfeit grant funds.
- Once improvements are complete, PDP will schedule an onsite visit to ensure that all work was completed per the approved scope of work. Upon successful review, the applicant will provide invoices and evidence that all bills for improvements have been paid in full.
- PDP will disburse grant funds within 30 days of receiving invoices and closeout documentation.
