

RULES FOR ROOF TOP VIEWING
COMCAST LIGHT UP NIGHT® BLAST! PARTY
NOVEMBER 22, 2019

Access to the US Steel Tower Rooftop is permitted only to those having read and signed the **Release of Liability and Covenant Not to Sue**. Copies will be made available to all guests upon arrival. Please note that tours can be called off at any time due to inclement weather conditions including high winds and moisture. The roof surface can be slippery when damp or wet and rubber soles are highly recommended. With a large number of guests wanting to experience the rooftop view, kindly depart promptly when your escort indicate time is up.

Please follow these rules to encourage a safe experience for all guests.

- Persons under 18 are not permitted on the tour
- Persons with Pacemakers are prohibited as there are active antennas on the roof
- No food or beverage items are permitted on the roof or tour
- All guests are prohibited from touching any rooftop antennas, cameras, or associated wiring and equipment
- Be aware of tripping hazards (e.g. roof vents, gutters, drains etc.) and be mindful of roof surfaces at all times
- Only flat shoes are permitted; spiked/pointed heel shoes are prohibited as they damage the roof
- Do not place anything on the perimeter railing as items could be pushed or blown off causing serious harm at the street level
- Hold all cameras, phones, etc. behind the railing at all times
- Do not stand on the base of the railing or the rails themselves and do not lean over the railing
- Do not throw or drop anything from the roof
- Stay within the designated area at all times

Failure to comply with these rules may result in removal from the BLAST! party.

Winthrop Management and the Pittsburgh Downtown Partnership hope you enjoy this unique experience!
