

# BACK-TO-WORK SAFETY PREPAREDNESS GUIDE

## PREPARE

### PLAN AHEAD!

- Are you sick or feeling unwell?  
**GO NO FURTHER - STAY HOME**
- Is your commute essential?
- Is your mode of transportation the safest option available to you?
- Do you have a route plan?
- Do you know an alternate route to get where you are going?
- What items do you need to reach your destination safely?
- Will you bring lunch/order for delivery/pick-up?

## PROTECT

### PROTECT YOURSELF!

- What items do you need to reach your destination safely?
- Do you have a safety mask?
- Do you have hand sanitizers or sanitizing wipes?
- Can you maintain social distance on your route/alternate route?
- Are there other items you need to feel safe in the workplace?

## PREVENT

### PREVENT THE SPREAD!

- Are hand sanitizers readily available in your workplace?
- Are hand washing facilities readily available in your workplace?
- Are work surfaces, points of contact (handles/light switches/elevator buttons phones/fridges/microwaves etc.) and other communal spaces frequently cleaned, or have sanitization options nearby?
- Are other cleaning materials and sanitizing products available for your use?

**PREPARE. PROTECT. PREVENT.**
