ACCESSIBILITY FEATURES

6 Type 'A' accessible apartment units.

New accessible parking spaces in basement.

All common areas and entrances are accessible including the roof deck.

SUSTAINABILITY FEATURES

Existing building reuse.

Replacement windows - thermally broken frames, insulated low-e glass units.

New exterior wall insulation.

LED lighting throughout.

Excellent access to public transportation.

Bike parking provided in excess of required minimums.

STORMWATER MANAGEMENT

Stormwater management plan not required by Zoning code: total new development less than 50,000 s.f.

No increase in impervious surfaces. Existing building to remain with no proposed changes to impervious surfaces.

CONSTRUCTION MANAGEMENT PLAN

SCOPE:

- **Street Closures and Obstructions** – All proper street closure and obstruction permits will be obtained and closely coordinated with the City of Pittsburgh Department of Public Works.
- **Debris/dumpster maintenance** – Dumpsters will be located on Oliver Avenue.
- **Work Crew Parking** – Workers will be responsible to acquire their own off-site parking and transportation.
Workers will be able to park in the basement, as parking is available throughout construction.
A public parking garage is located across the street.
- **Duration of Construction** – April 2022 through November 2023 (projected).

MITIGATION MEASURES:

- **Construction Noise** – Construction operations and operating hours will be in accordance with current City of Pittsburgh’s zoning requirements.
- **Traffic** – All required permits, signage and barricades for the street closures and obstructions will be coordinated Department of Public Works to minimize impacts to pedestrian and vehicular traffic.
- **Parking** – No general public parking is expected to be affected. Any disruptions will be coordinated with the Pittsburgh Parking Authority.
- **Air** – Dust generating activities will be limited to exterior facade masonry restoration and window replacement.
- **Light** – All temporary lighting measures required by OSHA will installed in the areas under construction.

THANK YOU.
